My family and I campaigned for you and we all voted for you. It is because of people like us that you managed to win the election. I've just learned you reversed your stance to approve the Atlantic Coast Pipeline. I hope this is not true. Pipeline accidents are occurring on a daily basis they are just going largely unreported. One accident will devastate the fishing and tourism industry on North Carolina's east coast not only destroying the environment, disrupting seafood supplies, but putting thousands of people out of work. I implore you to reconsider this decision. This is not why we campaigned and elected you. This is something McCrory & the Rethuglicans would do. If you go forward with this, progressives will remember. Expect it to be your first and last term as Governor.
